## **Paris Flute Class Auditor Information and Application**

**Program Dates: July 8-21, 2018**

**Full Auditor Tuition: \$900**

**Auditor Application Processing Fee: \$15**

### **Paris Flute Class Auditor Information**

You may attend our Paris Flute Class as a Full Auditor or on a Daily Auditor basis. Auditors may attend all events but do not perform in concerts or masterclasses. There is no final deadline to apply as an auditor to our program; however, space is limited in our facilities. **If you are interested in auditing on a daily basis**, please submit the application below and indicate which date(s) you plan to be in attendance. We will verify tuition costs with you by April 15, as activities vary from day to day in our class schedule. Generally, auditor tuition is \$100/day. **If you are interested in attending as a Full Auditor** for the duration of our Summer Flute Class, you will be given consideration on the basis of 1) how much space is available in our program and 2) the date that your application is received. Below are key dates for those interested in auditing:

**January 1, 2018:** You may submit the application form below on or after this date. We will number Full Auditor applications purely on the basis of when they are received, and admit auditors with the lowest numbers first. Thus, it is wise to submit your application form as early as you are able.

**April 15:** By this date, we will know how many auditors we are able to invite to join the program. We will inform those who have applied as auditors if there is currently space available in the program, or if they will be placed on a waitlist pending decisions of others admitted to the program.

**May 15:** **If accepted as a Full Auditor**, this is the due date for your deposit. A tuition deposit of \$300 will reserve your place in the program. If you are using Da Capo provided housing, an additional deposit of \$200 will be due at this time. If we do not receive your deposit by this date, your spot may be offered to another applicant.

**June 15:** The balance of Full Auditor tuition and housing fees are due. Tuition for Daily Auditors is also due by this date.
